

Home Protection Plan

We know that the safety of your family and the protection of your home are top priorities. With regularly scheduled inspections, monitoring and treatment practices, you can rest easy knowing your home is protected by professional pest management experts.

HOME PROTECTION PLAN SERVICE OVERVIEW

COMPREHENSIVE INITIAL INSPECTION

Initial inspection and service of the interior and exterior of the home to identify and solve existing pest issues.

TRI-ANNUAL SERVICE VISITS

Three (3) annual services scheduled between you and your service specialist. After the initial service, we'll always inspect the interior of your home. However, most of the treatment work is performed on the exterior, where we work to keep pests out in the first place.

HAVE A PEST PROBLEM BETWEEN SERVICES?

Free "call-backs" for covered pests all year-round. If anything crops up between scheduled service calls, your service specialist will come out and take care of it at no extra charge.

Trust the Local Experts for a **SAFE** and **EFFECTIVE** Pest Management Program

Service specialists receive the most comprehensive up-to-date training programs and are state licensed to perform pest control

Your McCloud service specialist has the knowledge and expertise to rid your home of over 100 common household pests

We use the latest, lowest risk techniques to control a variety of species of residential pests

We will exceed your expectations by providing the correct resources, technology and innovative pest management methods to deliver quality successful results
